

Adventures of Sherlock Holmes (Detective Classic Mystery Bestseller, Acclaimed Movie & Television Series, Illustrated Classic Edition)

Classic Bestseller ***Acclaimed Movie & Television Series (PBS, BBC)*** the most famous fictional character in history --THE BOSTON GLOBE This is a great read for general readers, as well as for fans of mystery stories. ADVENTURES OF SHERLOCK HOLMES by Arthur Conan Doyle (1859-1930) is a classic collection of fictional crime mysteries. They established the modern genre of detective stories, and remain among the most literate and thoughtful. The exploits of the mythical private investigator, Sherlock Holmes, and his trusty aide, Dr. Watson, are a cultural icon around the world. Most of the stories in this collection were first published in magazines in the late nineteenth-century. They portray a Victorian England of burgeoning new technology, but yet still plagued by the ancient struggle of good versus evil. It is, in short, a world not unlike our own. Many sequels have followed. In literature, film, and television (BBC and PBS Masterpiece Theater), the brilliant Sherlock Holmes lives on, doing eternal battle with the forces of evil. His reputed sharp observation, rigorous analysis, and stunning deduction still influences modern police work, and are a remarkable example of life imitating art. Mr. Holmes has no easy answers for the unending battle with the criminal mind. He merely trods on, having faith in the truth and righteousness of his cause. That too, could describe our own world and explain our continuing fascination with the great detective Sherlock Holmes.
