

Summer Symphony

For every woman who has lost a child to stillbirth, there is also a grieving father... Martin Zoric, a maestro and composer in Croatia, had vivid dreams of fatherhood, of a small hand pressed to his, of pink dresses and girlish laughter. Then his wife had a stillbirth, and his world fell apart. He listened to the unwanted apologies, stood by his wife as was expected, and kept his facade strong and firm for the entire world to see. But, he has never found the strength let go and grieve over the loss of his stillborn daughter. Now, he cant feel his music and is obviously falling apart. When renowned pianist Ren Wakahisa landed in Croatia for a summer concert series, he was hoping to escape the cultural pressures put upon him by his Japanese family. They wanted him to conform to forsake love for familial duties. But Ren has other ideas about love and family obligation. Over the course of the summer, Ren must decide whether he will yield to his familys wishes or has the courage to be the man he wants to be. Summer Symphony is a story of love and loss a mans perspective of what it is to lose a child. It is the story of how two men with exceptional talent and passion find answers in music and what they learn about strength, grace, and the endurance of love.
