

Peter Andre: All About Us - My Story

Now for the first time ever an uninterrupted, no-holds-barred account of life with Jordan is presented by the man closest to her. Katie Price is never far from the limelight and her immensely successful biographies have emphasised her popularity across the generations. Revelations about her rise to fame and her intimate relationships have had the nation intrigued, entertained and empathising with the glamour model mother of two. But her jungle romance with Peter, initially billed as a publicity stunt, has blossomed into the love story of the decade with Aussie hunk Peter Andre sweeping the OK! girl off her feet in perfect fairy tale fashion. Exploding onto the music scene in 1990, Peter Andre has had several UK number ones and international top 10 hits and in this intimate and insightful autobiography, he reveals the high and lows of his music career. It contains revelations about life before Katie and growing up in Australia in a family with devout Jehovah's Witness values. Pete reflects on life married to Britain's hottest celebrity, what life is like caring for her sick child, and how they celebrated the arrival of their first son together, Junior.
