She never expected to find her prince. LITERALLY!!!! When Emma meets Luke it is love at first sight. Together they work together to make a difference and be charitable. A small elephant is near death but somehow through the miracle of love he lives. It bonds the two unlikely partners. Luke can't bring himself to tell Emma the truth, and perhaps lose her. She's an open, free independent American, and he's a Prince Billionaire with a castle. He has everything the 1% represents and she hates. It seems like their worlds can never mesh.
