

As You Like It Directors Playbook

The As You Like It Directors Playbook expands the text of Shakespeares play for directors, assistant directors and/or producers, with a sketchbook style of blank space for notes and sketches for every scene; diagram of the stage for placement of sets; keylines; entrances and exits; tips on organizing a team; sections for the Producer, including a sample budget outline, description of the playbill, promotion, advertising, fundraising; Pre-Production, including space for the Set Designer and the Costumer for each scene and each character; Stage Manager responsibilities; Crew; scheduling; timeline. Plus downloadable customized scripts for each major actor. As Paul Freeman says, A Producers dream. Just add actors. So much goes into a production that the audience is probably not even aware of.
