

Christmas Babies

Twin sisters! Two babies. Double the trouble and twice the joy! Especially at Christmas. When Danni Ferris keeps her appointment with a client she barely knows, the last thing she expects him to do is take her into his arms and kiss her passionately. But that's exactly what happens. There can only be one explanation: Danni's twin sister, Kristine! In *Christmas Babies*, Ellen James explores the relationship between identical sisters—a relationship that is stretched to the limit when Bryan McKay comes into their lives.
