

White Horses (Show Jumping Dreams ~ Book 10)

A hurricane is coming. Its heading straight for the Florida coastline and Sand Hill is right in its path. This isn't one of those times when everyone scrambles to get ready and then the storm turns at the last minute. This is the real deal and evacuations are underway. But all Emily can think about is how she risked Bluebirds life on the beach and so of course she'll evacuate with the Sand Hill horses and Esther. Only her family has other plans. They want her to go with them. She wants to stay with her pony. So when everyone relocates to the track barn and racecourse set up for evacuees, tensions run high. No one is sure if they are far enough inland. Can they ride out the biggest storm of the century? And why is there a white horse loose in the storm that only Emily can see?
