

## Brain Child

Alex Lonsdale was one of the most popular kids in La Paloma, California. Until the horrifying car accident. Until a brilliant doctor's medical miracle brought him back from the brink of death. Now, Alex seems the same, but in his eyes there is a blankness. In his heart there is coldness. If his parents, his friends, his girlfriend could see inside his brain, inside his dreams, they would be terrified. One hundred years ago in La Paloma, a terrible deed was done. A cry for vengeance pierced the night. That evil still lives. That vengeance still waits. Waits for Alex Lonsdale. Waits for the... Brainchild. From the Paperback edition.
