

Capital: The Eruption of Delhi

A terrific portrait of Delhi right now
SALMAN RUSHDIE An astonishing tour de force by a major writer at the peak of his powers
WILLIAM DALRYMPLE SHORTLISTED FOR THE ORWELL PRIZE 2015
When Rana Dasgupta arrived in Delhi at the turn of the twenty-first century, he had no intention of staying for long, but the city beguiled him - he fell in love and in hate with it - and fifteen years later, Delhi is still his home. Over these fifteen years, he has watched as the tumult of destruction and creation which accompanies Indias economic boom transformed the face of the city. In Capital, he explores the life-changing consequences for Delhis people, meeting with billionaires and bureaucrats, drug dealers and metal traders, slum dwellers and psychoanalysts. These encounters, interwoven with over a century of history, plunge us into Delhis intoxicating, sometimes terrifying, story of capitalist transformation - one that has repercussions not only for India, but for everybodys future.
