

City of Bones: The Mortal Instruments

Dont miss The Mortal Instruments: City of Bones, now a major motion picture. Discover this first installment of the internationally best-selling Mortal Instruments series and prepare to be hooked (Entertainment Weekly). When 15-year-old Clary Fray heads out to the Pandemonium Club in New York City, she hardly expects to witness a murder - much less a murder committed by three teenagers covered with strange tattoos and brandishing bizarre weapons. Then the body disappears into thin air. Its hard to call the police when the murderers are invisible to everyone else and when there is nothing - not even a smear of blood - to show that a boy has died. Or was he a boy? This is Clarys first meeting with the Shadowhunters, warriors dedicated to ridding the earth of demons. Its also her first encounter with Jace, a Shadowhunter who looks a little like an angel and acts a lot like a jerk. Within twenty-four hours Clary is pulled into Jaces world with a vengeance, when her mother disappears and Clary herself is attacked by a demon. But why would demons be interested in ordinary mundanes like Clary and her mother? And how did Clary suddenly get the Sight? The Shadowhunters would like to know... Exotic and gritty, exhilarating and utterly gripping, Cassandra Clares ferociously entertaining fantasy takes readers on a wild ride that they will never want to end.
