

## Commentary on Philippians, Colossians, and Thessalonians - Enhanced Version (Calvins Commentaries Book 42)

Calvins Commentaries are classics of the first order, essential reading for anyone studying a Bible text. Reading Calvin nearly always leads to new insights on a passage. Philip Schaff said of Calvin that he was an exegetical genius of the first order. His commentaries are unsurpassed for originality, depth, perspicuity, soundness and permanent value. He combined in a very rare degree all the essential qualities of an exegetegrammatical knowledge, spiritual insight, acute perception, sound judgment, and practical tact. Based on the Calvin Translation Society edition, this version of the Commentaries is optimized for use on a Kindle. Links to commentary on passages are represented compactly in the Table of Contents so you can find commentary on a passage with minimal paging. This edition features an artistic cover, a new promotional introduction, an index of scripture references, links for scripture references to the appropriate passages, and a hierarchical table of contents which makes it possible to navigate to any part of the book with a minimum of page turns.
