

Prodigy Effect (StonyMan)

STONY MAN Fighting terror around the globe, the Stony Man team is a covert group only a few know exists, acting under order of the President. Dedicated to saving the innocent, these men risk everything including their lives to keep the peace in situations where no one else can. Extreme Recovery First an unmanned spy drone ends up in American air space and then U.S. operatives in China are killed trying to help a teen prodigy defect. Then it appears the boy might be the brains behind the spy tech. While Phoenix Force attempts to bring the teenage scientist back to the U.S. without triggering retribution from the Chinese government, Able Teams mission in Alaska to recover the drone becomes a matter of international security. Because the good guys aren't the only ones bent on retrieval. The spies are covering their trail with lethal efficiency.
