

## Joel and Ethan Coen - The Pocket Essential Guide (Pocket Essential series)

Intelligent, experimental, frightening, funny and always delightfully surprising, Coen brothers films mark a constant high-point in the cinema of the Eighties and Nineties. Their eccentric vision is born of a unique relationship: Joel Coen directs, Ethan produces, they both write. Although their films share many themes and, indeed, many actors, their subjects range from the hard noir of *Blood Simple* via the sophisticated fantasy of *The Hudsucker Proxy* to the frostbitten comedy-of-errors of *Fargo*. As well as winning critical acclaim all over the world, their films have led the way for the renaissance in American independent movie-making and inspired directors like Quentin Tarantino (*Reservoir Dogs*, *Pulp Fiction*), Danny Boyle (*Shallow Grave*, *Trainspotting*) and the Wachowski Brothers (*Bound*, *The Matrix*). What's in this Pocket Essential guide? As well as an introductory essay, each of the Coen brothers films is discussed in detail, including the enigmatic *Millers Crossing*, the perplexing *Barton Fink* and the madcap *The Big Lebowski* - and there's a handy multi-media reference at the back...
