

Stop Fighting Over The Kids: Resolving Day-to-Day Custody Conflict in Divorce Situations (Mike Mastracci Divorce Without Dishonor)

Learn to resolve problems divorcing couples often face, including disagreements over physical and legal custody, the primary residential schedule, child access and visitation, telephone contact, day care dilemmas, holidays and vacations, interacting with school officials, teachers, doctors and therapists as well as access to medical and educational records, sports involvement, participation in special events and extracurricular activities, financial woes and parent to parent communication difficulties. A uniquely informative, child focused, thought provoking, inspirational and lightly entertaining book full of sound and sensible legal, parental, practical and situational guidance. The author survived his own gut wrenching high-conflict child custody battle and shares his knowledge and wisdom to immediately and effectively assist you. The collaborative divorce model is introduced and many valuable resources, including sample parenting agreements and collaborative contracts, are included.
