

## Intermediate Algebra, A La Carte with MML/MSL Student Access Kit (ad hoc for valuepacks) (11th Edition)

Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book. The Bittinger Worktext Series changed the face of developmental education with the introduction of objective-based worktexts that presented math one concept at a time. This approach allowed readers to understand the rationale behind each concept before practicing the associated skills and then moving on to the next topic. With this revision, Marv Bittinger continues to focus on building success through conceptual understanding, while also supporting readers with quality applications, exercises, and new review and study materials to help them apply and retain their knowledge. This Package Contains: Intermediate Algebra, 11/e, (a la Carte edition) with MyMathLab/MyStatLab Student Access Kit

[\[PDF\] California Family Law for Paralegals](#)

[\[PDF\] The Making of the United States from Thirteen Colonies - Through Primary Sources \(American Revolution Through Primary Sources\)](#)
