

## The Mirror and the Mask (Jane Lawless Mysteries Series Book 17)

Minneapolis restaurateur Jane Lawless is at crossroads. The rough economy has put her plans for a third restaurant on hold, and her long distance romance is on the rocks and quite possibly unsalvageable. Unsure of what to do next, she takes her good friend A. J. Nolan up on his standing offer to take her on as a private investigator. While still in training, her first job seems simple enough. All she had to do is find Annie Archers stepfather. Jane tracks down a likely matcha man who has made a small fortune in real estate. While shes happy to close her first case, she finds it hard to reconcile the difference between PI workfinding what people pay you to find and uncovering the truth, the whole truth, especially when clues in this seemingly simple case point to more threatening family secrets than where Annies father has been hiding out. Ellen Harts The Mirror and the Mask is another engrossing mystery filled with the deceit and psychological intrigue that fans have come to expect from this Lambda and Minnesota Book Award--winning author.
