

Essence: A Runes Novella

Raine Cooper met and fell in love with Torin St. James without knowing what he was. He too thought she was just another Mortal. But Raine is much more than they both realized and Torin is the stuff of legends. For nearly a year, they've battled deities and evil Immortals determined to push them apart. But when a secret from his past threatens their relationship again, they choose the only way left to strengthen their love and bond. This is a novella from Losing It anthology.
