Read for FREE on Kindle Unlimited!  
Reality sucks. Make-believe rocks. That's been Fate Floyd's motto for as long as she's been a fantasy geek. But now she can hardly tell what's real and what's not. She's been spelled and mysteriously trapped within a deadly fairy tale world bound by the Book of Fables. Her only way home is to travel through the books 8 unfortunate fairy tales and change them into happily-ever-afters. And if dealing with scheming sorceresses, greedy goblins and heartless faeries isn't enough to test her sanity, there's Finn. The Scottish boy who looks like he stepped straight out of her dreams. Fate wants to believe in her own happy ending, but the reality is, her road to freedom isn't straight and danger lurks around every bend. **The Lightning Sword:** The seventh unfortunate fairy tale in the Book of Fables. When Fates inducted into a war goddess's army, she forgets who she is, and Finn is forced to fight her. What he doesn't know is that she's been imbued with the energies of lightning and wind. Will she give into the battle fever coursing through her body and kill him? **PLEASE NOTE:** This title is Part 7 of 8 and is meant to be read in sequence. Perfect for fans of *The Ugly Stepsister*, *Unenchanted*, and *Cinder*. Genre: Young Adult Fantasy
