

## Flip The Flaps: Dinosaurs

With their sharp teeth, massive size, and otherworldly shapes, dinosaurs are an endlessly fascinating topic for children. BY starting with childrens most common questions, this books accessible approach lets them uncover all kinds of extraordinary facts about favorite topics like feeding and nesting, fighting, defense, and adaptation. In Flip The Flaps: Dinosaurs by Judy Allen with illustrations by Tudor Humphries, readers can watch a T-Rex tear at the pages, a Diplodocus move its whip-like tail, and a Triceratops charge at a predator.
