

Fragments of the Lost Writings of Proclus [1825],

Proclus Lycaeus (February 8, 412 - April 17, 485), surnamed The Successor or diadochos was a Greek Neoplatonist philosopher, one of the last major Classical philosophers (see Damascius). He set forth one of the most elaborate and fully developed systems of Neoplatonism. He stands near the end of the classical development of philosophy, and was very influential on Western Medieval Philosophy (Greek and Latin) as well as Islamic thought.
