Sacred Books of the East - The Hsiao King (Classic of filial Piety) by James Legge Confucianism is a way of life taught by Confucius in the 6th/5th century BC. Sometimes viewed as a philosophy, sometimes as a religion, Confucianism is perhaps best understood as an all-encompassing humanism that neither denies nor slights Heaven. Confucianism has been followed by the Chinese for more than two millennia. It has deeply influenced spiritual and political life in China; its influence has also extended to Korea, Japan, and Vietnam. East Asians may profess themselves to be Shintoists, Taoists, Buddhists, Muslims, or Christians - but seldom do they cease to be Confucians.**This eBook is special to add new illustrated pictures and annotated the stories of:NOTE TO THE READER:THE CONFUCIANISMLife of Confucius HistoryConfucianism StoryPrinciple Beliefs of ConfucianismHow to PracticesThe SacredTexts50 SACRED BOOKS OF THE EAST SERIES (SBE)**This eBook has all graphics of a high quality and eligible as good format.**All Texts are completely digitally edited and properly formatted for easy reading.**Interactive of Table Content linkage for easy navigation.**This eBook version is rescanned from the original book.
