

Baja Moon

Baja Mexico is like no other place in the world. Jagged mountains, palms, blue seas, pelicans with attitudes, and Boojum trees. There is emptiness there, and also wild beauty, unique characters, and magic happening everywhere. People who choose to live in Baja must also be comfortable living outside the box. What a setting for a novel, full of ancient mysteries, modern characters, and superstitions! Everyone in the Baja has a story. Here is mine, complete with romance, villains, brujas, drama, and murder, and all set in the Baja.
