

## Hunting

Ash Lenthard doesn't call herself a vigilante. She's merely prone to random acts of derring-do, and occasional exhibitions of tomfoolery. Her friends, the Huntsmen, have never stepped over the line while patrolling the streets of Luinhall. That was before the murder of Ash's beloved guardian, Genevieve. Now, Ash Lenthard is out for blood and even when the hunt sends her to the palace, on a collision course with a past identity she would do anything to forget, Ash cannot, will not, back down.
