

01: Id Tell You I Love You, But Then Id Have To Kill You (Gallagher Girls)

Gallagher Academy might claim to be a school for geniuses - but its really a school for spies. Cammie Morgan is fluent in fourteen languages and capable of killing a man in seven different ways (three of which involve a piece of uncooked spaghetti). But the one thing the Gallagher Academy hasnt prepared her for is what to do when she falls for an ordinary boy who thinks shes an ordinary girl. Sure, she can tap his phone, hack into his computer, and track him through a mall without his ever being the wiser, but can Cammie have a normal relationship with a boy who can never know the truth about her?
