

## If I Did It: Confession of the Killer

Years after being acquitted of criminal charges in a case that was highly-publicised in the US, finally in November 2008, OJ Simpson was found guilty of the crime he committed as a result of the penury brought upon him by the efforts of the Goldman Family. This updated paperback edition brings together for the first time the whole story from start to finish. If I Did It includes the actual text Simpson approved of his notorious crime confession.
