

## If You Leave Me

OUT OF CONTROL Lisa Carstairs was feeling a little crazy lately, between baby-sitting her little sister after school, working part-time at the hospital, keeping up her grade point average, and getting dumped by her jock boyfriend. Then she met a smart, good-looking senior named Alex Lavarre, who told her she was special. He was so caring and loving--until he started telling her what to do. About everything. It didn't take long before Lisa realized she was losing control of her own life. And that she was really scared about what Alex would do if she tried to take it back. . . .
