

Im from Nowhere

A few weeks into her sophomore year at Ventura High School in California, everything changes for Wren Verlaire. Its always been just Wren and her mother, Hannah. But when Hannah receives a reporting assignment in Greenland for six months, Wren is shipped off to Hardwick Hall: Hannahs alma mater back East, which shes refused to discuss for as long as Wren can remember. Wren tries to befriend her suitemate, Honor, but Honor looks right through her as if she isnt there. At least Wren finds an escape in hanging out with cute rowers, like the adorably crinkly eyed Nick, or in riding horses, which she discovers she loves. She finds her niche in the campuss underground music scene with Chazzy, a darkly hilarious fellow musician. But soon clues begin appearing about the darkest secret her mother ever kept, and the revelation that follows brings Wren and Honor crashing back together, threatening the lives theyve started to buildperhaps forever.
