

Love Lessons Learned

John Wainwright is having a momentous day. To start off, he lands his first teaching job. Then his brother, Evan, and Evans husband, Daniel, take him out to celebrate in Manchesters gay village. An encounter with a sexy man forces John to admit what hes been denying for too longhes gay. His coming out proves hes supported and loved by his family and roommates. What more could a man want? Theres just one small problem: Johns dishy Head Teacher, Brett Sanderson, and Johns gigantic crush on him. Too bad Brett is straight. Brett Sanderson leads a double life. At thirty-three, he is the Head Teacher of a primary school. But for seven years now, during every school holiday, Brett has fled to Brighton, where he becomes Rob, a man who has a different guy in his bed every night but has never had a relationship. Once hes back in school, Brett is firmly back in that closet, until his newest staff member starts prying open the door. When John pulls out all the stops to get Bretts attention, neither man is prepared for the consequences.
