

## Into The Fire

In one months time, seventeen-year-old Cara Tillman will die and be reborn from her own ashes. Her life of secrecy has never been easy. She's watched her younger brother, Jeremy, burn and rise again in a coming-of-age process called rebirth. And just like her brother, when her time comes, she won't remember anything from her first life other than she's a Phoenix member of a small group of people descended from the mythical Phoenix bird. The last thing she needs to worry about is falling for the new guy in town Logan Schmidt. Cara is drawn to Logan in a way she can't explain, but she's not exactly complaining. Everything is perfect except it's not. Once she's reborn, she'll forget Logan. And to make things worse, a Phoenix Hunter is on the loose, and Cara's involvement with Logan is bringing out her Phoenix qualities—the very qualities that will draw the Hunter right to her. Desperate times call for desperate measures. Afraid of hurting Logan, Cara breaks it off for good. But her attraction to him runs deeper than a typical high school crush. She wants him, needs him. And if he proves willing to stay by her side, their love might destroy them both. Can Cara hide from the Phoenix Hunters long enough to survive her rebirth? And if so, will it mean a new beginning with Logan or the beginning of the end?
