

## Cross Fire (Alex Cross Book 17)

Wedding bells ring Detective Alex Cross and Brees wedding plans are put on hold when Alex is called to the scene of the perfectly executed assassination of two of Washington D.C.'s most corrupt: a dirty congressman and an underhanded lobbyist. Next, the elusive gunman begins picking off other crooked politicians, sparking a blaze of theories--is the marksman a hero or a vigilante? A murderer returns The case explodes, and the FBI assigns agent Max Siegel to the investigation. As Alex and Siegel battle over jurisdiction, the murders continue. It becomes clear that they are the work of a professional who has detailed knowledge of his victims movements--information that only a Washington insider could possess. Caught in a lethal cross fire As Alex contends with the sniper, Siegel, and the wedding, he receives a call from his deadliest adversary, Kyle Craig. The Mastermind is in D.C. and will not relent until he has eliminated Cross and his family for good. With a supercharged blend of action, deception, and suspense, Cross Fire is James Patterson's most visceral and exciting Alex Cross novel ever.
