For the last three years, Patrick has harbored a not-so-secret desire for the attention of his beautiful classmate Nualla. But when he finally gets a chance with her, the last thing he's expecting is to find out she's not even human. Or that her royal daemon family, tech-genius best friend, and secret world will be coming along for the ride. This one mistake could be the chance of a lifetime or the thing that gets him killed. They say to be careful what you wish for; they weren't kidding.

Destined Jessie Harrell When Psyche receives a prophecy gone horribly wrong, she learns that even the most beautiful girl in Greece can have a hideous future. Her fate? Fall in love with the one creature even the gods fear. As she feels herself slipping closer into the arms of the prophecy, Psyche must choose between the terrifyingly tender touch she feels almost powerless to resist and the one constant she's come to expect out of life: you cannot escape what is destined.

The Pack: Retribution LM Preston Revenge doesn't have a name, but has chosen a victim: Shamira. But she's never been the type to lie down and let someone hurt her family or her friends. In order to find the mastermind behind the threat to all she cares about, she must give up the one person who's found his way into her guarded heart, Valens. Valens refuses to back off easily, and neither will Shamira's friends. They join forces with her in order to deal with a new enemy who seeks to kill everyone in Shamira's life that dared save the missing kids on Mars.

The Magic Crystal Lorna Suzuki When a good wish goes bad, a beautiful princess despised by all, a lowly court jester who was meant to be a great knight, and a village idiot with a mysterious past are thrust together by fate.

Made to embark on a perilous and unorthodox quest, they set off to break a dreaded curse. Along the way, a series of trials await them in strange lands far from home. From a powerful Wizard and an evil, shape-shifting Sprite to the flamboyant Elves and an army of mimes, they encounter an array of unforgettable friends and foes as they set off to recover a silver locket to destroy the curse. In a race against time, pursued by a Sorcerer on the hunt for this same locket, an epic journey becomes a trying, humorous adventure of self-discovery and a test of true loyalty and friendship for this unlikely trio as they fight to survive this quest and ultimately, each other.

Ride of Your Life Shevi Arnold Tracy was working at the House of Horrors at the Amazing Lands Theme Park when the fire broke out. Instead of running, she lost her life trying to save eleven-year-old Mack. Now thirty years have passed, and suddenly everything changes with the arrival of two new ghosts: a little girl named Ashley and a cute seventeen-year-old boy named Josh. Josh would do anything for Tracy, but can he help her let go of the past and accept his love?

Whisper Chelsea M. Cameron People think Im crazy. Maybe I am, since Ive been able to talk to spirits for as long as I can remember. They are the forgotten, the souls who have unfinished business and cant cross over. I help them, or at least I try to. Theres this one in particular, Jack, I call him, whos been following me around a lot. Usually they tell me what they need to do and move on. Not him. It isnt until he brings another spirit, Tracy, the victim of an unsolved hit-and-run accident, that I know for sure hes something more than just your average spirit. Then I start seeing him. And feeling his touch. And falling for him. In our quest to get justice for Tracy and help her move on, Jack and I become something more than just a dead boy and a living girl. Im just waiting to see what happens
