

Kill School: Slice (Kill School) (Volume 1)

If you had to kill one person who would it be? **KILL SCHOOL** follows sixteen-year-old Aria Nova as she explores her identity within a futuristic society that gives people permission to kill one person with a token. Medical science has enabled everyone to live forever, which produces an overpopulation problem. Since no one dies of natural causes, and to control the population problem, each person between the ages of sixteen and eighteen must kill someone. A life for a life. When Aria receives her token, she is shocked to find out that it enables her to kill one of the four governing Regulators. The Regulators are in charge of her community and have never been in the termination pool. Once in training camp, affectionately called Kill School, Aria hides her tokens secret from friends and enemies alike. In camp, Aria learns how to strangle, shoot, or poison a personskills she will need to carry out her termination task. Through the support and protection of Camp Counselor Burke, she learns more about the Regulators, a little about love, and family secrets destined to destroy or save her.
