

Darper Danver: The Complete First Series

If you're innocent, Cassie, why would you tell the truth? Why would you rather let everyone think you murdered that poor boy in cold blood? Five years ago, three friends went to a remote cabin in the woods and tried to contact the spirit of a long-dead soldier. They thought they could control whatever happened next. They were wrong... Newly released from prison, Cassie Briggs returns to Fort Powell, determined to get her life back on track. Soon, however, she begins to suspect that an ancient evil still lurks in the nearby cabin. Was the mysterious Darper Danver really destroyed all those years ago, or does her spirit still linger, waiting for a chance to return? As Cassie and her ex-boyfriend Fisher are finally forced to face the truth about what happened in the cabin, they realize that Darper isn't ready to let go of their lives just yet. Meanwhile, a vengeful woman plots revenge for her brother's murder, and a New York ghost writer arrives in town to uncover the truth. Before long, strange carvings begin to appear around town and blood starts to flow once again. This is the first Darper Danver series, and it ends on a cliffhanger which is resolved in the upcoming second series. There will be three series in total. Contains violence, swearing and mild sexual references. Total word count is approximately 100,000. Includes a bonus section from *The Vampires Grave*.
