

## Immortals Under Heaven

In the closing years of the Ming Dynasty in China, Shih Fengli is a wandering swordsman, a youxia. He and his companions exist part of the Jianghu, the shadowy realm at the outskirts of proper society. It is a world of warriors and outcasts, defined by bonds of fellowship, enmity, and savage violence. It is a realm intermingled with myth and legend. Pursuing an old enemy, Fengli has no idea that their clash will lead them to a fate none could have imagined. Injuries heal in an instant, and age finds no purchase upon their bodies. But time flows relentlessly onward, and while the new-made immortals remain, everything around them withers and fades. As the world changes around them, they find themselves caught in an old empires bitter journey towards the modern age.
