

Little Matchmakers (Mills & Boon Cherish)

The Great Parent Swap Tucker and Garnet were single parents who believed they were giving their sons all they could ever need. But a meeting with their boys teacher had them realising what they really needed was each other. Since Tuckers boy craved a womans influence and Garnets son would benefit from some outside experiences, a trade seemed to be the perfect solution. So one day a week theyd swap kids. And maybe just see one another in passing. This was just for the boys sakes, of course. But when two intelligent kids decide they want to be brothers, heaven help the parents who didnt see this plan coming. Because a couple of little matchmakers were about to launch Project One Big Happy Family.
