

Into Deep Waters

For Jacob and Daniel, two young gay men aboard a Navy ship in WWII, the risks were high. Not just the risks of injury and death from Japanese planes and submarines, but the risk of discovery, of discharge, imprisonment or worse. Only a special kind of love was worth taking that chance. But from the moment Daniel met Jacobs eyes across a battle-scarred deck, he knew he had to try. Being together required figuring out what it meant to be gay and in love with another man, in an era when they could be jailed or committed for admitting the desires of their hearts. On a ship at war, their relationship was measured in stolen moments and rare days of precious leave, with no guarantees there would be a tomorrow. And if they survived the war, they would need even more luck to keep their love alive through all the years to come. This story was written for a photo and story request letter as part of the Goodreads M/M Romance Love is Always Write event. Author royalties will be donated to Lambda Legal, for their continued legal support of the rights of LGBT individuals.
