

Flash MX: Advanced ActionScript

Flash has taken the web world by storm, establishing itself as the de facto industry standard for web content and applications. With the release of Flash MX, more and more users are tackling the demanding issues of advanced development. In this book, Purdue University's rising computer graphics expert James Mohler and co-author Nishant Kothary pick up where the best-selling Flash MX: Graphics, Animation & Interactivity leaves off, presenting step-by-step solutions designed to help advanced users extend the awesome power of Flash on their web sites.
