

# Nailed

The nail that sticks out farthest gets hammered the hardest. Flint Southwestern High School is run by a cult: the jockarchy. And Bret Hendricks could never fit into their conformity cult. Bret doesn't mind standing out from the crowd when he's on stage acting or singing in his band. And he feels at home in his funky girlfriends' arms because sticking out together doesn't seem as hard. But loyalties aren't what Bret thinks they are, as his safe havens seem to disappear one by one, and he learns that sometimes you just have to risk getting hammered in order to build a great future. For any teen who feels that standing out is harder than just conforming, Patrick Jones's second novel nails the real truth about the high price of hiding one's true self.
