

## Mile High: Men in Motion Book 1

Divorced accountant Owen Braydon never thought his life would be anything more than working and visiting his ten-year-old daughter in Denver on the weekends; until one flight from LA to Denver, Owen met Texas-born, Taylor Madison. A manager on a construction project in LA, Taylor had to shuttle back and forth between the two cities every week. After Taylor laid eyes on the handsome man from LA, he moved in on Owen quickly, hoping to become an exclusive member of the Mile High Club. After meeting again in the airport and sitting together on the plane, Owen and Taylor realize their interest in each other was becoming more than just a fling onboard. Soon the two men discovered they needed more than sex from each other once a week. Could they make their relationship work? Or will they simply just have fond memories of being a member of that exclusive club? Find out how flying united, suddenly took on a whole new meaning.
