

Must Love Kilts: A Time Travel Romance (Volume 3)

The Jacobite Rebellion--not the best time to get drunk, hook up with a guy, and lose your sister. A drunken bet... When computer game designer Traci Campbell gets too close and personal with a bottle of Glenfiddich while vacationing in Scotland, she whisks her kilt-obsessed sister back to 1689 to prove hot guys in kilts are a myth. Hello, hundred bucks! But all bets are off when she meets Iain, the charming playboy in a to-die-for kilt. Wrong place, wrong time, wrong name... Iain MacCowan regularly falls in love at the drop of his kilt. The mysterious red-haired lass with the odd accent is no different. But when his new love is discovered to be a Campbell, the most distrusted name in the Highlands, his dalliance endangers his clans rebellion against King William. Its all hijinks in the Highlands until your sister disappears... Traci thinks men are only good for one thing--thank you, Iain!--but when she awakens once again in Ye Olde Scotland and her sister is gone, she must depend on the last person she wants to spend more time with. He wants to win a heart, she wants to keep hers, but can these two realize theyre meant for each other before the Jacobite rebellion pulls them apart?
