

# Navigating Adoption and Surrogacy Laws: Leading Lawyers on Recent Trends and Best Practices for Nontraditional Family-Building Cases (Inside the Minds)

Navigating Adoption and Surrogacy Laws provides an authoritative, insiders perspective on understanding the complexities and nuances of practicing law in this rapidly evolving field. Featuring partners from some of the nations leading law firms, this book guides the reader through the convergence of emerging societal norms and technological advancements that are leading to new, nontraditional ways to build families - and the legal and moral complications that arise as a result. These lawyers examine the inherent special considerations in the not-so-simple adoption procedure to the highly complex issues related with assisted reproductive technology (ART) involving heterosexual couples, single parents, and same-sex couples. Additionally, these authors describe the fact-specific and state-law-dependent nature of these cases and explain the importance of educating oneself on the laws and procedures of the jurisdiction in which your case is to be adjudicated. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this dynamic field. Inside the Minds provides readers with proven business and legal intelligence from leading C-Level executives and lawyers. Each chapter offers thought leadership and expert analysis on an industry, profession, or topic, providing a future-oriented perspective and proven strategies for success. Each author has been selected based on their experience and C-Level standing within the business and legal communities. Chapters Include: 1. Katherine A. Harmon, Mallor Grodner LLP - Understanding the Complexities Involved in Adoption and Surrogacy Cases 2. Karen K. Greenberg, Konowitz & Greenberg - Traps for the Unwary -Ethical Considerations 3. Brian W. King, King
