

## Necroscope V: Deadspawn (Necroscope Series)

Harry Keogh is a necroscope - he knows the thoughts of corpses in their graves. Unfortunately for Harry, his talent works both ways. A maniacal murderer is on the loose, and the dead spirits of the madmans victims reach out to ask Harry Keogh to solve the crimes. After the battles of Deadspeak, Harry Keogh has regained his necroscopic abilities. He can once again travel instantaneously between places and times via the marvellous mathematics of the Mobius Continuum. He can once again speak with the dead. But the necrosopes bargain with Faethor Farency, father of vampires, has sown the seed of Harrys own downfall - a vampire seed! Deep in the recesses of Harrys mind grows a vampire that might someday be the greatest vampire of all. But now Harry is shunned by everyone, the living and the dead ...except for the tortured victims of a maniacal serial killer who cry out for justice. Harry is the only person who can identify and find this vile murderer. Its high tide in a sea of blood but for Harry Keogh the tide has finally turned. For even as he pursues the serial killer, he also fights the spawn inside him. His greatest battle is with himself and the plague he carries, for the necroscope is now a vampire.
