

Medea / Bakchanten (Dutch Edition)

Medea, na vierentwintig eeuwen nog jaarlijks opgevoerd, is het echtscheidingsdrama in zijn extreme vorm, waarbij de vrouw, na alle vergeefse redeneringen, om de man die haar verlaat te straffen de kinderen vermoordt, van wie zij houdt. Bakchanten is een gruwelijke botsing van rationaliteit en extase. Koning Pentheus wordt bij een poging de vrouwen van zijn land in het gareel te krijgen, die onder invloed van Bakchos hun dagelijkse plicht verzaken, als slachtoffer van zijn seksuele fantasieën door de meedogenloze god bedrogen en door zijn eigen moeder verscheurd. Voor deze uitgave in de Perpetuareeks heeft Gerard Koolschijn de tekst opnieuw vertaald.
