

Becoming Death

Ever since her father's demise, Madison Clark knew Death had her number. After losing her first job, she is ushered into the cryptic family business. Little does the teenager know her family is hiding a dark secret; they are grim reapers, custodians of souls on their journey to the beyond. Even years of studying comics doesn't prepare Madison for the reality of having a so-called superpower, the ability to kill with just a touch. Madison expects her historic legacy to have benefits beyond immortality but what she doesn't expect is to still be struggling for cash while reaping souls on the side. As if being Death's minion wasn't strenuous enough, Madison finds herself back in school with her worst enemy studying the ancient rules, methods and paperwork of her vocation. In a cascade of life changes: her best friend admits he's in love with her and she starts a new job as a professional mourner, but she can't help thinking her family might have other secrets. Just when things are finally starting to feel normal again Death throws her a curveball: her next victim is someone close to her. Madison must find a way to overcome the strict guidelines of being a grim reaper in order to save their life.
