

Colby (The Ninth Inning) (Volume 6)

The Ninth Inning series presents Memphis Angels third baseman, Colby Wilson. Colby Wilson gets talked into making a profile on a dating website. Its been a not-so-great experience so far, especially since his teammates have given him the nickname of Sugar Daddy thanks to the mistake of sharing his experiences. Colby just wants to settle down and finally have a place to call home once and for all. Then, he decides to meet the only sane person hes been able to talk to on the dating website. Ariella Craft is a homicide detective who spends more time working cases than working on her love life. As a last resort, she decides to sign up for online dating and ends up talking to someone who doesnt seem to be crazy. After taking sound advice from her sister, Ariella meets the man shes been chatting with. There is nothing but shock when they discover each others identities. Colby and Ariella need to prioritize their careers and love lives, but when devastation hits them, its more difficult than they both thought it would be. Life is throwing nothing but curveballs. Colby and Ariella need to hit it out of the park before they strike out.
