

The Voice

FINALIST in the 2014 NEXT GENERATION INDIE BOOK AWARDSWINNER of the San Diego Book Awards--Best Published YA Novel During her abduction and assault, Audrey begins to hear a voice. She hopes shes not going crazy, because after what shes experienced, thats the most logical explanation. However, as she begins to listen to the voice, Audrey realizes that someone may be telepathically trying to help her. Unfortunately, rescue isnt all she needs. In order to leave behind the constant reminders, she flees to her Aunt Kates house in San Diego, and assumes a new identity. It works until the eighteen-year-old twin boys who live next door threaten to break through the protective walls shes worked so hard to build. Between Caleb going out of his way to befriend her and Justin avoiding her at all costs, Audrey doesnt know if normalcy will ever find her again. But one thing is certain: When a familiar danger resurfaces, its the same voice that she turns to -- a voice that is not only real, but a lot closer than she realizes. Gripping and tastefully told, The Voice is a story of healing, trust, and courage.
