

Voodoo Die (The Destroyer Book 33)

The small island country of Baqia becomes a major international player when a local doctor accidentally develops a new weapon with terrifying implications. The weapon, which reduces grown men to smoldering piles of goo, has all the major superpowers gambling on the fate of the small nation. Meanwhile, the mad dictator in control is playing his own game and intends to muscle out the local religion for control over the people. Remo has to roll the hard six and pick a side to prevent a global meltdown, but will his number come up? Remo Williams is The Destroyer, a seemingly unremarkable beat cop recruited through highly unorthodox methods by a secret government law-enforcement organization. Trained to become the most deadly assassin, Remo is America's last line of defense against mad scientists, organized crime, ancient undead gods, and anything else that threatens the Constitution. An action-adventure series leavened with social and political satire, the Destroyer novels have been thrilling readers worldwide for decades.
