

Of Two Minds: The Minds Series, Book One

Changing the world was impossible. Creating another one was worse. And escape was out. She was trapped. A collaboration between acclaimed writers Carol Matas and Perry Nodelman, this roller coaster of an adventure is filled with twists and turns, excitement and fun. It is an extraordinary creative fantasy about empowerment that compels readers not to take everything at face value. A spellbinding fantasy...proof positive that two heads are better than one. -SLJ Best Books of the Year. Strong...a solid fantasy about thinking for oneself, thinking other peoples thoughts, and the power of the imagination. -Kirkus Reviews. Original, unpredictable...a kaleidoscope of character, cultures, and events that offers both entertainment and enrichment. -School Library Journal, starred review.
