

Operation WetFish Book 7: Fear and Ecstasy

Police incompetence, witness intimidation, expensive lawyers. There are many reasons the guilty walk free of court. For Operation WetFish, a legal and entirely unorthodox department of the London police, the courts never have the final say. Frame-ups, alerting rival gangs or simply making the bad guys disappear . . . Operation WetFish employs a variety of methods to clean up the mistakes of the courts. Charles Baronaire lives for the thrill of making the streets safe. But Baronaire has other things on his mind. Hes stronger, faster, more agile than ordinary human beings; he can focus his mind to alter peoples perceptions, can establish command over natures baser creatures. And he has an insatiable appetite for human blood. Baronaire and Detective Lin are dispatched to Scotland on the trail of a wealthy English lord hiding from the media attention of his recent court case. The assignment is a simple one, but Lin discovers this time there was an innocent victim: a young woman hired to look after their target. With Baronaire lying to his partner about the young womans fate, Lin digs further into the mystery and discovers some horrifying things about her colleague. For the young woman had been drained of blood, and the only suspect Lin can see is Charles Baronaire himself.
