Romeo and Juliet by William Shakespeare  
The play Romeo and Juliet is a tragedy written by William Shakespeare early in his career about two young star-crossed lovers whose deaths ultimately reconcile their feuding families. It was among Shakespeares most popular plays during his lifetime and, along with Hamlet, is one of his most frequently performed plays. Today, the title characters are regarded as archetypal young lovers. Romeo and Juliet is sometimes considered to have no unifying theme, save that of young love. Romeo and Juliet have become emblematic of young lovers and doomed love. Top 100 Best-Sellers (Classics):US>
